DETAILED ACTION

1. Claims 16 and 27 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 6/18/04.
2. Applicant's election without traverse of claims 1-15, 17-26 and 28-37 are in the reply filed on 6/18/04 is acknowledged.
3. Claims 1-15, 17-26 and 28-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase "wherein a space (t1)...the cavity block" (cl 1, lns 7-10) is indefinite because it is confusing with respect to the insulating layer. It is unclear whether or not space t1 is related to the insulating layer. If space t1 is actually between the insulating layer and the mold base then it should be positively and clearly recited as such.

The phrase "injecting a thermoplastic resin into the mold according to claim 1 or 12" (cl 17, lns 3-4) is indefinite because the metes and bounds of the phrase are unascertainable.

The phrase "injecting a thermoplastic resin into the mold according to claim 1 or 12" (cl 21, lns 1-2) is indefinite because the metes and bounds of the phrase are unascertainable.

Clarification and/or correction is required.
